10th Grade PSEO
Eligible Career & Technical Education (CTE) Courses

Sophomore high school students are allowed to take only <u>one</u> Career & Technical Education (CTE) class their first semester. If the student receives a grade of a "C" or better in the first CTE course, the student is allowed to take additional courses (CTE <u>or</u> General Education courses) the second semester.

10th graders in their first PSEO semester cannot take the following courses: General Education Courses, Welding, Automotive, Construction Electrician, developmental level courses, or summer courses.

This list is subject to change. Courses may not be offered every semester and the delivery method (online, hybrid, on-campus) may vary. Some courses may have required prerequisites. Please contact pseo@anokatech.edu for additional information.

Course Options for 10th graders:

Architectural Technology and Construction Estimating
Typically offered online or the evening
